

## *eMudhra is Recognized with an Honorable Mention in Gartner's 2019 Magic Quadrant for Access Management*

Magic Quadrant for Access Management is market-specific research done by Gartner to provide industry experts with a wide-angle view of competitor positions. The research is based on evaluation of companies' vision, maturity and market direction against Gartner's market view among others. Magic Quadrant helps the audience ascertain the performance of companies based on their adherence to above mentioned criteria on a global scale.

eMudhra getting recognized with an honorable mention in Gartner's Magic Quadrant 2019 signifies that we are effectively adhering to our vision and striving to provide the best to our customers in all ways possible.

Recognized with an honorable mention in the Magic Quadrant for Access Management, eMudhra plans to:

- Effectively collaborate with our partners to drive global adoption of identity governance and access management solutions
- Continuous R&D to meet the evolving demands of cyber-security industry

This is not the first time for us to be recognized by Gartner. Previously, we were also featured as a Representative Vendor in Gartner's 2018 Market Guide for User Authentication.
